

## Anti-LAP3 Antibody Picoband® Fluoro488 Conjugated

Catalog Number: A01921-1-Fluoro488

### About LAP3

LAP3 (Leucine aminopeptidase 3) is also named as LAPEP, PEPS (peptidase S) and belongs to the peptidase M17 family. It can catalyze the removal of unsubstituted N-terminal amino-acids from various peptides and be presumably involved in the processing and regular turnover of intracellular proteins. PEPS is found in a wide variety of tissues and cultured cells but not in red cells and skin. The enzyme can utilize several di-, tri-, and tetrapeptides as substrates and is the slowest migrating of the peptidases after electrophoresis. LAP3 has two isoforms with MW of 52 and 56 kDa.
