

Anti-SPATA7 Antibody Picoband® HRP Conjugated

Catalog Number: A08310-1-HRP

About SPATA7

Spermatogenesis-associated protein 7 is a protein that in humans is encoded by the SPATA7 gene. This gene, originally isolated from testis, is also expressed in retina. Mutations in this gene are associated with Leber congenital amaurosis and juvenile retinitis pigmentosa. Alternatively spliced transcript variants encoding different isoforms have been found for this gene.
