

Anti-ARL15 Antibody

Catalog Number: A13987-1

About ARL15

ARL15(ADP-ribosylation factor-like protein 15) is also named as ARFRP2(ADP-ribosylation factor-related protein 2) and belongs to the small GTPase superfamily and Arf family. ADP-ribosylation factor-related protein (ARF) is a membrane-associated GTPase with remote similarity to the family of ADP-ribosylation factors (ARF)(PMID:10092663). Arl15 is present in chordates but not lower eukaryotes. Arl15 lacks a site for N-myristoylation, but the N-terminal region contains several well-conserved cysteines, suggesting that it may be palmitoylated(PMID:17506703).

Overview

Product Name	Anti-ARL15 Antibody
Reactive Species	Human, Mouse, Rat
Description	Boster Bio Anti-ARL15 Antibody catalog # A13987-1. Tested in WB, IHC, IP, ELISA applications. This antibody reacts with Human, Mouse, Rat.
Application	ELISA, IP, IHC, WB
Clonality	Polyclonal
Formulation	500 ug/ml antibody with PBS, 0.02% NaN ₃ , 1 mg stabilizing protein and 50% glycerol This antibody is supplied in a stabilized formulation. Compatibility with conjugation reactions depends on the chemistry of the conjugation method used. For conjugation methods that are not compatible with the stabilizing components present in this formulation, a carrier-free antibody format is required.
Storage Instructions	12 months from date of receipt at -20°C as supplied. 6 months at 2 to 8°C after reconstitution. Avoid repeated freezing and thawing.
Host	Rabbit
Uniprot ID	Q9NXU5

Technical Details

Immunogen	E.coli-derived human ARL15 recombinant protein (Position: D3-A201).
Form	Liquid
Concentration	500 ug/ml
Purification	Immunogen affinity purified.
Suggested Dilutions	Western blot, 1:500-2000 Immunohistochemistry, 1:50-400 ImmunoPrecipitation, 1:250-300 ELISA, 1:100-1000
