### Overview

|                      |                                                                                                                                            |
|----------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| Product Name         | Anti-GP141 GPR141 Antibody                                                                                                                 |
| Reactive Species     | Human, Mouse                                                                                                                               |
| Description          | Boster Bio Anti-GP141 GPR141 Antibody catalog # A15146. Tested in WB, ELISA applications. This antibody reacts with Human, Mouse.          |
| Application          | ELISA, WB                                                                                                                                  |
| Clonality            | Polyclonal                                                                                                                                 |
| Formulation          | Liquid form in PBS containing 50% glycerol, and 0.02% sodium azide.                                                                        |
| Storage Instructions | Store at -20°C for one year. For short term storage and frequent use, store at 4°C for up to one month. Avoid repeated freeze-thaw cycles. |
| Host                 | Rabbit                                                                                                                                     |
| Uniprot ID           | Q7Z602                                                                                                                                     |

### Technical Details

|                     |                                                                                                                         |
|---------------------|-------------------------------------------------------------------------------------------------------------------------|
| Immunogen           | Synthesized peptide derived from part region of human protein                                                           |
| Isotype             | IgG                                                                                                                     |
| Form                | Liquid                                                                                                                  |
| Concentration       | 1 mg/ml                                                                                                                 |
| Purification        | GP141 antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |
| Suggested Dilutions | WB 1:500-2000<br>ELISA 1:5000-20000                                                                                     |

## Anti-GP141 GPR141 Antibody (A15146) Images

Western blot analysis of lysates from HCT116 cells, primary antibody was diluted at 1:1000, 4°over night
