### Overview

|              |                                                                                       |
|--------------|---------------------------------------------------------------------------------------|
| Product Name | Influenza Virus NS1A Binding Protein (IVNS1ABP) (NM_006469) Human Recombinant Protein |
| Description  | Recombinant protein of human influenza virus NS1A binding protein (IVNS1ABP)          |
| Size         | 20 µg                                                                                 |
| Tag          | C-Myc/DDK                                                                             |
| Form         | Frozen Solution in PBS Buffer                                                         |
| Source       | HEK293T                                                                               |
| Formulation  | 25 mM Tris.HCl, pH 7.3, 100 mM glycine, 10% glycerol                                  |

### Concentration

>50 µg/mL as determined by microplate BCA method

### Storage

Store at -80°C. Stable for 12 months from the date of receipt of the product under proper storage and handling conditions. Avoid repeated freeze-thaw cycles. (Ship on dry ice.)

### Purity

> 80% as determined by SDS-PAGE and Coomassie blue staining

### Amino Acid Sequence
